**Industrial automation systems and integration —
Product data representation and exchange —**

Part 109:

**Integrated generic resource:
Kinematic and geometric constraints for assembly
models**

TECHNICAL CORRIGENDUM 2

*Systèmes d'automatisation industrielle et intégration — Représentation et échange de données de produits -
Partie 109: Ressources génériques intégrées; Contraintes cinématiques et géométriques pour les modèles
d'assemblage RECTIFICATIF TECHNIQUE 2*

Technical Corrigendum 2 to International Standard ISO 10303-109:2004 was prepared by Technical Committee ISO/TC 184, *Automation systems and integration*, Subcommittee SC 4, *Industrial data*.

The purpose of the modification is to the text of ISO 10303-109:2004 is to correct editorial issues.

ICS 25.040.40
