SAE Technical Board rules provide that: "All technical reports, including standards approved and published by SAE, are advisory only. Their use by anyone engaged in industry or trade or the use by governmental agencies is entirely voluntary. There is no agreement to adhere to SAE standard or recommended practice, and no commitment to conform to or be guided by any technical report. In formulating and approving technical reports, the Board and its Committees will not investigate or consider patents which may apply to the subject matter. Prospective users of the report are responsible for protecting themselves against liability for infringement of patents."
